

10 000 mAh POWER BANK

Introducing our new power bank with two USB ports. It lets you charge two devices at the same time, quickly and efficiently, with a 2.1A output. This power bank works with our MAFECS and FAB stoves, giving power to the fan units for smooth and uniform combustion of fuel. Its perfect for providing energy to appliances in remote areas, helping reduce overall costs.

POWER BANK CHARACTERISTICS

Model	P126J	
Capacity	10 000 mAh	
Input	Micro USB	5V/2A
	Type C	5V/2A
Output 1 and 2	DC 5V/2A	
Cell	1 pcs	
Dimensions (LxWxH)	139 x 69mm x 27mm	
Weight	393g	
BIS	R-93017019	
Colour	Black	
Features	<ul style="list-style-type: none">• Plug & play• LED battery indicator	
Charging Cable	Included	

POWER BANK WARRANTY

Warranty Summary	6 Months
Warranty Service Type	Repair or Replacement
Covered in Warranty	Manufacture Defect
Not Covered in Warranty	Liquid or Damaged

Ener-G-Africa (EGA) helps to tackle the challenges of climate change and improve the lives of people in Africa through its research and development of quality sustainable energy products.

EGA manufactures and distributes locally-made solar panels, biomass fuels and a range of biomass cooking stoves. EGA promotes access to clean and renewable energy for all, while protecting Africa's natural resources for future generations.
